MEDICAL GROUP

# Press Release

## NorthShore Medical Group, the first medical group in the Columbia River Gorge to be open 7 days a week.

**White Salmon, WA, May 25, 2018:** NorthShore Medical Group (NSMG), a community-based practice serving residents of the Columbia River Gorge, is excited to announce starting Saturday, June 9th they will be open 7 days a week, allowing patients access to professional medical care when it works for them.

NSMG is the first medical group in the Columbia River Gorge to provide 7 day service in the area. With their new White Salmon office, they have a convenient, easily accessible location for patients from both sides of the river.

There have been many conversations regarding extending medical hours within the Columbia Gorge over the years. The medical community knew that it was a much needed service. This led many primary care clinics to extend hours to Saturday, which was well received by the community. However, NSMG has gone even further by extending hours to 11-7 Saturday and Sunday. Great medical service means that patients should be able to see a doctor when needed, and that means even on weekends.

In addition to being open 7 days a week NSMG also offers walk in hours 7 days a week. No appointment necessary. If you are here on vacation and get sick or hurt – you want to feel better and get back to having fun as soon as possible. And, if you live here and you don't want to miss work or have to wait until Monday to see a doctor, NSMG now provides options to better fit your schedule. Dedicated medical staff is available for walk ins to meet your urgent medical needs 7 days a week.

### **NSMG New Hours And New Schedules**

- + Open 7 days a week
- + Walk in hours 11am - 7pm every day
- + By appointment 7am - 7pm weekdays
- + Dedicated staff for walk in hours

**For Immediate Release**
